VOL. 16 NO. 51

## Raymond Kirby Falls Beneath Truck Wheels

Raymond Kirby, 11-year-old son of Mr. and Mrs. H. J. Kirby of 108 W. Central, is lying at the Sierra Madre Hospital suffering from serious injuries received when run over by a truck Tuesday afternoon. The truck was driven by Joe Odwarker Jr., who was badly broken up over the accident.

Raymond was delivering his evening papers at the time of the accident, and was riding west on Central avenue, near the Norris store. Having made a delivery on the south side of the street he crossed again to the north side. Odwarker's truck was approaching at the time from the east, with a Pacific Electric car following close behind. Fearing the truck would overtake him, it appears that the boy crowded over so far to the side that his handlebar struck an auto parked by the curb, causing his bicycle to swerve and throwing him to the ground.

According to the testimony of the motorman on the car, the rear wheel of the truck passed over the boy's body. Fortunately the truck was not loaded but it seems miraculous that no more serious injuries were sustained. He was taken to the Sierra Madre Hospital where Dr. Groth found it necessary to take several stitches to close the lacerations. By Thursday, Raymond had so far recovered that he wanted to sit up in bed, and to date no indication or internal injuries has appeared.

### REV. WOODCUTTER GOES TO HOSPITAL

Rev. Father F. Woodcutter of St. Rita's parish left last week for Santa Barbara to spend a few weeks at St. Joseph's Hospital. The strain of work incident to the building and opening of the new parish school and the rectory, and preparations for the building of the new shrine had brought him to the verge of a breakdown, necessitating rest and special treatment.

### NEW ENROLLMENT AT STATE UNIVERSITY

In a compilation of new undergraduates at the University of California for the fall semester 1922 figures show that a majority have enrolled in the college of letters and science. Out of the 1721 students who enrolled in this college, 1302 will take the general course, while the others have chosen the pre-medical, pre-legal, pre-architectural or home economics courses.

The total number of new undergraduates for the fall semester is 2536, 1384 being men students, 1152 women students.

In the distribution among the other colleges, the College of Commerce leads with a total enrollment of 358 students, 45 of whom are women students. The College of Mechanics is next, 206 men having chosen to start their work in this course. Enrollment in the other colleges is as follows: Civil Engineering, 72; Mining, 35; Chemistry, 61, and Agriculture, 83.

In comparison with the enrollment of new undergraduates in 1921 there has been a decrease of 57 students, 1593 having enrolled last year. For the fall semester of 1922 the percentage of men students in the new undergraduate class is 54.57 per cent, while in 1921 the percentage of men was 52.9 per cent.

There has been a slight decrease in the number of new undergraduates who reside outside the state of California. The percentage of new undergraduates outside of California, August, 1922, is 10.01 per cent, while in 1921 the percentage was 11.65 per cent.

### EPISCOPAL SERVICES

On next Sunday morning Dean William Carson Shaw will preach at the Church of the Ascension on the omission of the word "obey" in the marriage service. Services for the day include Holy Communion at 8 a. m., Sunday School at 9:45, and morning prayer and sermon at 11 o'clock.

Mr. and Mrs. Preston Schwartz started Tuesday for a mountain outing in the region of Indian Springs, on the other side of the range. They chose a location beyond the game preserve in the hope that there might be some venison available.

# SIERRA MADRE NEWS

PUBLISHED EVERY WEEK AT SIERRA MADRE, LOS ANGELES COUNTY, CALIFORNIA

### THEATER MEN SEEK LOCATION

More Investigators Consider the Local Field for Picture Show Enterprise

Two different theater men have visited Sierra Madre this week to investigate the possibilities of a picture theater here. The first was J. J. May of the United Theaters Inc., of Los Angeles. This concern leases a number of theaters in and about Los Angeles. Mr. May said if the company decided to enter the field they would take a lease on a building, but provide complete finishing and furnishings themselves. From superficial study of the field he believed a theater would pay, and opened negotiations with one or more property owners to see what could be done toward securing a suitable building.

"Uncle Billy" Haas of Pasadena also spent Wednesday in Sierra Madre trying to make up his mind whether or not a theater would pay. He has been associated with Jack Root, formerly of the Strand Theater, for a number of years. Previous to that he was in the theater and newspaper business in Dubuque, Iowa.

"It looks too good to be true," is the usual verdict of men who investigate the local theater situation. Sierra Madre is probably the only town in Southern California with 3000 to 3500 population and no theater. They do not understand it and believe there must be some unknown, intangible drawback to a field where such an opening exists.

Mr. Haas says if he undertakes a theater enterprise in Sierra Madre he has the backing to provide a building of his own. Out of the various investigations which start on this question, under the law of probabilities at any rate there ought to be some tangible results some time soon.

### JOINT DEBATE IS PROPOSED

Randall Challenges Lineberger to Meet on Platform Throughout The Ninth District

Fireworks are planned for the Ninth Congressional District Campaign. Charles H. Randall has addressed a letter to Congressman Lineberger suggesting that they meet on the platform in every town in the district to jointly discuss the issues.

Mr. Randall's letter follows, and an early acceptance is expected from Mr. Lineberger:

Pasadena, Calif., Sept. 18.  
My Dear Mr. Lineberger:

The canvass of the primary election discloses that your total vote was about 29,000 and my total was 26,000.

When the fact is considered that 200,000 or more voters were registered in the Ninth District, while only 55,000 indicated their intentions at the primary, it is apparent that the 150,000 absentees will have a very large voice on November 7th in the choice of Congressman in our district.

In order that these voters who have yet to make up their minds shall have the fullest opportunity to hear and interrogate the candidates, I invite you to appear jointly with me in public discussion of the issues of the day, in as many places in the district as may be convenient to you.

I shall hope to have a very early reply to this letter, so that all the arrangements may be made promptly.

Very cordially,  
CHARLES H. RANDALL.

### Attends Convention Of Star Salesmen

Curtis Goodenow, accompanied by his mother, Mrs. N. H. Goodenow, will leave Monday for Del Monte where they will spend two days at Hotel Del Monte, and then go to San Francisco, being absent about a week. At Del Monte Curtis will attend a convention of the "100,000 Club," composed of representatives of the New York Life Insurance Company who have paid for more than \$100,000 worth of insurance. It is the annual gathering of the company's star salesmen and Curtis has regularly been among the eligibles.

### DR. CAMPBELL WILL RETIRE

Revered Minister Will Reside On Ranch at Claremont In Future

Sierra Madre friends of Rev. Dr. James M. Campbell will be interested to learn of his approaching retirement from the active ministry. Next Sunday will be his last as pastor of the Congregational Church at Manhattan Beach. He has been there four years, during which time the church has had a phenomenal growth. He was pastor of the Sierra Madre Church several years during its period of greatest growth and is held in most affectionate remembrance by a large number of friends. His son, J. Morrison Campbell recently came to Sierra Madre to reside at 484 Mariposa avenue.

For twenty years Dr. Campbell's name has appeared in "Who's Who in America." He is credited with the authorship of a score of books, many of which have been reprinted in England. He was born in Scotland 82 years ago, and came to America in 1874. In addition to his labors as an author, Dr. Campbell has held important positions with several important publishing houses and periodicals.

Although compelled to give up his pastoral work because of failing eyesight, Dr. Campbell expects to continue his literary work. He was recently presented with a dictaphone by his friends so that he will not be handicapped by inability to write. With his daughter, Miss Mae Campbell, who has been both housekeeper and secretary for him, he will go to Claremont to reside on the little ranch which he purchased a number of years ago.

### POWER AND WATER ACT, LUNCHEON TOPIC

Interest in the proposed water and power act attracted about thirty people, both men and women, to the Venture Inn on Wednesday at the luncheon hour to hear Mrs. Mollie Bloom Flagg speak in support of the measure. The gathering was arranged by Mmes. Milton Steinberger, A. F. Snell and C. C. Nourse. In spite of the hot day, Mrs. Flagg held the interest of her hearers throughout her address and then responded to a number of questions on various phases of the act.

She was introduced by Mrs. Steinberger who paid a high tribute to Mrs. Flagg's work in behalf of woman suffrage, child welfare and various other measures, and as president of the San Joaquin district Federation of Woman's Clubs.

FRIDAY, SEPTEMBER 22, 1922

## Boy Scout Troop To Have Backing Of Men's Club

Wonders of modern electric power development were graphically portrayed by speech and picture last night at the meeting of the Men's Community Club in the Congregational Church. The speakers were Messrs. Walter G. Blossom and Richard E. Smith of the Southern California Edison Co., who were secured for the occasion through the courtesy of District Agent Fred Schwartz of Monrovia.

By means of stereopticon pictures and well-chosen words Mr. Blossom reviewed the history of the development of power and light from the crudest devices of prehistoric man to the present time. This was followed by two reels of motion pictures showing the wonderful power projects of the company in the high Sierras, especially at Huntington Lake and Big Creek. Some of the scenes portrayed were beautiful beyond description, notably that of Stevenson Falls.

Curtis Goodenow afforded great pleasure to the audience by his songs, being accompanied by Mrs. George B. Morridge. His splendid voice and excellent rendition caused the audience to demand an encore.

### Back Scout Movement

Following the delightful dinner served by the ladies of the Aid Society, the club held a brief business session, with Vice President George Norris presiding. It was decided to get back of the formation of a local Boy Scout organization and endeavor to enlist the support of the Chamber of Commerce, the Men's Club of Ascension parish and other bodies to give the enterprise a broad foundation. Dennis H. Stovall, an experienced Scout Master and worker among boys, was called upon for remarks and indicated that he would be glad to undertake such work with the assurance of the support of such organizations.

DeWitt Jones was elected secretary of the club for the remainder of the year, succeeding J. W. Krauter who found it necessary to resign because of prospective absence from the city much of the time.

### KITTELSON-MORGAN

With a very pretty ceremony performed in the presence of a large number of friends and relatives, Miss Agnes Kittelson became the bride of Robert Morgan last Friday evening. Rev. W. J. Thompson officiated, the ceremony taking place in the Congregational Church which was beautifully decorated for the occasion. The bride was attended by Miss Florence Bandy and Miss Alma Morgan, while the groom was attended by Mr. Howard Sears and Mr. Otto Kittelson. Little Dorothea Newton of South Pasadena made a charming little flower girl, strewing rose petals in the path of the bride as she approached the arch beneath which the white wedding bell was suspended. Following the ceremony a reception was held in the church parlor where the bride and groom were given the congratulations and good wishes of their friends.

The bride is the daughter of Mr. and Mrs. Svend Kittelson of South Park Gardens, Los Angeles, and is a charming young woman who has won many friends during her residence in Sierra Madre. The groom is a well-known Monrovia young man, until recently employed by the Edison Company, and now with an Arcadia lumber concern. After their return from a honeymoon trip they will be at home to their friends at 61 Windsor Lane.

### NEW CASHIER IN EDISON OFFICE

Miss Alice Stanley will be the local cashier in charge of the Sierra Madre office of the Southern California Edison Co., beginning October 1. She will succeed Mrs. Anna Chalmers who has resigned after two years of service. Miss Stanley is at present commuting between here and Monrovia, where she is employed in the main office for the purpose of becoming familiar with the company system.

Mr. and Mrs. Louis Dietz returned Wednesday from Ocean Park where Mrs. Dietz has spent six weeks and where Mr. Dietz spent as much time as his duties as city clerk would permit.

### ORCHARDS SUFFER FROM DRYNESS

Citrus Experts Show Most Orchards Have Insufficient Irrigation For Real Needs

According to a statement just issued by Farm Advisor Hodgson, the recent series of field meetings on irrigation and control of soil moisture, held in local citrus orchards and elsewhere about Los Angeles county has indicated a rather surprising condition.

Instead of what many investigators have surmised to the effect that over-irrigation is the rule, the hundreds of borings made in the course of these field meetings showed rather conclusively that the average citrus orchard in Los Angeles county at this season of the year, has been underirrigated. Ninety per cent of the borings made in orchards showed the soil moisture to be below the optimum.

Growers were astonished in many cases at the results found through the use of the soil auger. In one case where water had been applied two weeks previous boring were made in the irrigation furrows and between them. In the irrigation furrows which were spaced at intervals of three feet was found to be nearly bone dry to a depth of six feet. In many cases the upper foot or fifteen inches of soil showed fairly good moisture conditions but below that depth the soil was entirely too dry for proper development of feeding roots.

As a result of this field study it is apparent that the average citrus grower has either not been applying sufficient water to take care of the needs of his trees or has been applying it at too great intervals to meet the demands of the feeding roots. Actual measurements of the amount of water applied tends to verify the conclusions reached through the borings it having been found that many growers are not using more than fifteen acre inches of water during the year.

The water requirement of citrus trees is generally regarded to be between thirty-five and fifty acre inches per year. Subtracting that part of the winter rainfall which penetrates the soil and does not run off in almost all sections leaves a requirement of from twenty-five to thirty inches to be applied during the irrigating season.

As a result of the meetings which were largely attended and productive of great interest, it has been decided to locate demonstration orchards during the coming year which will be irrigated following the recommendations of the Extension Service, these recommendations being determined by the use of soil auger at frequent periods.

### A CITRUS SURVEY FOR THE VALLEY

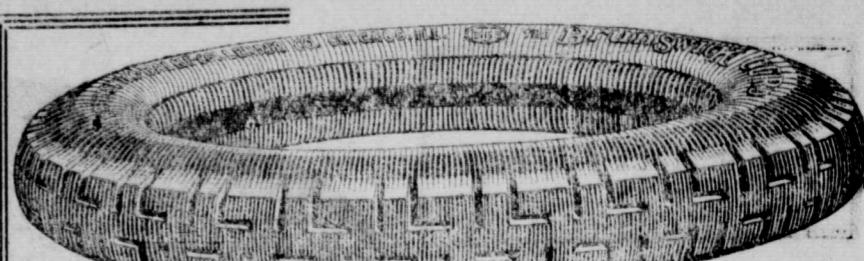

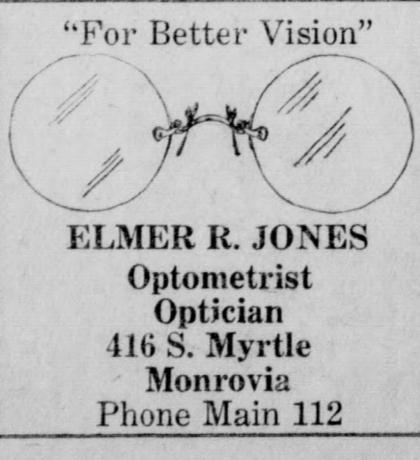

In order to make available the information concerning paying practices in the best citrus groves in Los Angeles county, the Citrus Growers' Department of the Los Angeles County County Farm Bureau will conduct a survey in the citrus orchards of the county during the next three months.

The meetings have been arranged as follows: September 18, San Fernando; September 25, Pasadena, Alhambra, Lamanda Park, La Canada districts combined; October 2, Monrovia and Duarte; October 9, Azusa; October 16, Glendale; October 23, Covina; October 30, San Dimas; November 13, Claremont, North Pomona; November 20, Pomona; November 27, Whittier.

The information generally sought in this survey will be concerning fertilization and irrigation practices. Questionnaires are now being sent out to growers in the various citrus districts and a series of evening meetings have been arranged.

### HOW TO MAKE GRAPE JUICE

The increasing shortage of refrigerator cars incident to the railroad strike has occasioned a flood of inquiries to the College of Agriculture concerning means of salvaging the grape crop. The flood products laboratory of the State College of Agriculture has prepared specific directions for conserving the crop by means of manufacturing of grape juice. Growers interested in securing this information are asked to apply to the office of the Farm Advisor, Hall of Records, Los Angeles.

## Band Concert Draws a Crowd

In spite of the lack of accommodations for the crowd, except those who could sit in their autos, there was a fine attendance at the open air concert given by the Sierra Madre Band last Friday night. Director Melvin proved that his months of drilling had produced a high class musical organization. The music was better than that rendered by many older and larger bands. The applause indicated that the crowd would welcome a repetition of the event.

It had been the purpose of the directors of the Chamber of Commerce in arranging the affair to use the occasion to tell the assembly something of the work and aims of the Chamber. The widely scattered crowd and the noise of the juvenile element rendered any thought of speaking to the crowd out of the question. However, the program leaflet enumerated a number of accomplishments of the organization and it is hoped will bear fruit in enlisting the support of additional members.

### FRAIBERG OPENS JEWELRY STORE

Frank Fraiberg just can't stay out of the jewelry business. Since going to Santa Monica to make his home he has discovered what appears to be a splendid opening for a store. Accordingly he has arranged to open a large and high class establishment on November 1. He has been busy recently buying stock and fixtures which will be installed in a new store building on which he has taken a five year lease. Before coming to Sierra Madre Mr. Fraiberg was engaged in the business on a large scale in Cleveland, Ohio.

### DISSOLUTION OF CO-PARTNERSHIP

The copartnership heretofore existing between the undersigned partners, under the firm name and style of Valley Feed and Supply, and conducted in East San Gabriel, and in Arcadia, California, is this day dissolved by mutual consent, the undersigned Harold W. Bell having sold and transferred all his right, title and interest in said partnership, partnership property and good will of the business to the undersigned Lewis W. Barlow, who will conduct and carry on said business at both of said locations, and who is authorized to collect all accounts and assume all the obligations of said partnership and business.

ORDINANCE NO. 265  
AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE AMENDING SECTION 2 OF ORDINANCE NO. 261 OF SAID CITY ENTITLED "AN ORDINANCE OF THE BOARD OF TRUSTEES OF THE CITY OF SIERRA MADRE PROVIDING FOR LICENSING DOGS WITHIN THE CORPORATE LIMITS OF SAID CITY AND THE DESTRUCTION OF DOGS NOT LICENSED, AND FOR THE PREVENTION OF RABIES AND FIXING A PENALTY FOR THE VIOLATION OF SAID ORDINANCE AND REPEALING ORDINANCE NO. 7, AND ORDINANCE NO. 139, OF SAID CITY," ADOPTED JUNE 22, 1922.

The Board of Trustees of the City of Sierra Madre do ordain as follows:

SECTION 1: That Section 2 of Ordinance No. 261 of the City of Sierra Madre, entitled "An Ordinance of the Board of Trustees of the City of Sierra Madre providing for Licensing Dogs within the corporate limits of said city and the destruction of dogs not licensed, and for the prevention of rabies and fixing a penalty for the violation of said ordinance, and repealing Ordinance No. 7, and Ordinance No. 139, of said City," adopted June 22, 1922, be and the same is hereby amended to read as follows:

SECTION 2: The City Clerk shall keep a register wherein shall be entered the name of the owner of the dog to which the tag has been issued and the number and date thereof. The City Clerk is hereby directed to procure the necessary tags mentioned in the preceding section, and to annually collect or receive from the owner of every dog owned or harbored within the limits of said City, the sum of Two (\$2.00) Dollars, each on every male dog, and Four (\$4.00) Dollars, each on every female dog. And the said tags shall have stamped upon them the year and "July 1st," and shall be good for one year from such date, and the City Clerk is hereby required to procure prior to the 1st day of July of each year new tags stamped as above required. The City Clerk shall pay all moneys received by him for such tags into the treasury, and such money shall constitute a special fund to be known as the Dog Tax Fund.

For the purposes of this section, a dog shall not be subject to tax until it is six months old, and a spayed female dog shall be subject to tax at the same rate as male dog.

SECTION 3: The City Clerk shall certify to the passage of this Ordinance and its approval by the President of the Board of Trustees and shall cause the same to be published by one insertion in the Sierra Madre News, a weekly newspaper of general circulation published and circulated in said City of Sierra Madre and the same shall thereupon and thereafter be in full force and effect.

Adopted and approved this 21st day of September, 1922.

ROBERT MITCHELL,

President of the Board of Trustees of the City of Sierra Madre.

ATTEST:

L. DIETZ,  
City Clerk of the City of Sierra Madre.

State of California

City of Sierra Madre, ss.

I, L. Dietz, City Clerk of the City of Sierra Madre, do hereby certify that the foregoing Ordinance was duly adopted by the Board of Trustees of the City of Sierra Madre, State of California, and signed by the President of said Board at an adjourned regular meeting thereof, held on the 21st day of September, 1922, and that the same was adopted by the following vote:

AYES: Trustees Karicoff, Richards, Sparks and Mitchell.

NOES: None.

ABSENT: Trustee Topping.

IN WITNESS WHEREOF I have hereunto set my hand and affixed the official seal of the City of Sierra Madre, this 21st day of September, 1922.

L. DIETZ,  
City Clerk of the City of Sierra Madre.

VOL. 16 NO. 51

FRIDAY, SEPTEMBER 22, 1922

**: BY THE WAY :**

If Andy Gump is not elected to Congress there will be good ground for demanding a recount of the votes. However, Krazy Kat ought to make the best candidate on an economy platform—he could furnish free bricks for all the public buildings in the country.

Enough people now go from Sierra Madre to Pasadena and Los Angeles for enjoyment of public parks to justify establishing a park right here at home. "Might as well put the park in Pasadena as away down in the arroyo at the east end of town," has been heard as an argument against the plan to use the property now owned by the city as a recreation park. Exactly! The number of people who go from Sierra Madre, seven or eight miles to Brookside Park proves that the distance of three-quarters of a mile to the proposed arroyo site is a negligible objection.

Divided skirts for boys don't go at Pasadena High School according to the edict of the student body. Now that the issue of peon panties has been settled, the question of hair nets will be appropriate for consideration. If the boys must wear them, they might at least choose the invisible kind, instead of the kind made of oilcloth straps.

Six months ago a good many people were wondering as to the reason for all the opposition to the water and power act. Nobody appeared to be working actively for it, all the newspapers which mentioned it at all were against it, and practically no favorable sentiment was publicly expressed. It looked as if the opposition was fighting a purely imaginary danger. But the early fears of the opposition now appear to have been well grounded. Either the activity of the opposition or some other cause started the public to studying the act. When any measure gets the serious attention of the public, there will be a real fight. The water and power act is no exception. From a fight only on the side of the opposition, the question has developed a very real, two-sided contest in which the public is being more thoroughly educated than on any public measure in years. The opposition now admit that the measure has a very good chance of winning and accordingly are working all the harder. The development of public interest is a healthy sign. No matter what the outcome of the contest, the arousing of the interest of a very large percentage of the voters with a stimulus which will make them go to the polls and vote, is worth a lot of effort and expense. If you have not posted yourself on the measure, get busy.

Another movie star on the scandal page! Must be getting ready to release a feature film.

Declaration of District Attorney Woolwine in favor of wine and beer will cost him a lot of dry votes and win him a lot of wet votes. In past years Mr. Woolwine has had the support of a good many drys who really believed him to be conscientious in his efforts to enforce the law. Most of this element on which he has depended in the past will be alienated by his declaration. In declaring for a modification of the Volstead law he goes afieid in his bid for the wet vote because as governor he would not have any chance to aid in bringing about such a change which is entirely up to Congress. Mr. Woolwine is absolutely wrong in his statement that the people of California expressed their disapproval of the Volstead law when they voted down the Harris enforcement act two years ago, because the Harris act was much more stringent than the Volstead law. He says national prohibition enforcement has been a failure. So far as California is concerned, that failure can be remedied by adoption of the Wright enforcement act which merely makes the law of California conform to the federal law, and puts its enforcement up to state and county officers.

Once more it appears the baseball championship of the universe will be a nice little family affair between the two New York teams. Wouldn't you like to be there?

**SIERRA MADRE**  
**HARDWARE CO.****Save on Painting**

There's One Way to Do It It is This

THE only method by which you can save on the cost of painting is to paint when your house needs it and to use the best paint for the work.

Paint makes repairs unnecessary. Paint costs less than repairs. Therefore you save by painting when your house needs it.

The best paint spreads more easily—it saves on labor cost. It covers more area per gallon than "cheap" paint.

But most important, the best paint serves five or more years longer than "cheap" paint. The best paint costs less in the long run.

We've made the best paints for 73 years. They contain the finest materials. For example, the white lead

we use—PIONEER WHITE LEAD—is super-purified and ground so fine that it will pass through a silk screen with 30,000 meshes to the square inch.

Pure linseed oil, pure zinc, and pure colors—materials of the finest quality are combined in Fuller's House Paints in scientifically exact proportions with long-time skill.

**Free Advice**  
on Painting

Ask our agent for advice, color cards, etc.

Ask the Fuller Specification Department about the most desirable color schemes, color harmony and any other details.

Makers of Rubber Cement, Floor Paint, All-Purpose Varnishes, Silkenwhite Enamel, Fifteen-for-Floors Varnish, Washable Wall Finish, Auto Enamel, Barn and Roof Paint, Porch and Step Paint, and PIONEER WHITE LEAD.

A "Want Ad" will do it---why worry---try it

## Neighborhood NEWS

Mrs. Donald C. Ashmore entertained a number of friends at bridge last Friday afternoon.

Mr. and Mrs. Victor Hill returned Wednesday after spending a month at their cabin at Chilico, beyond Pine Flats.

Louis Karpf of 375 E. Grand View returned home last Friday from a month's business trip to Philadelphia and New York.

Mr. and Mrs. Henry Nathan and children, formerly of Chicago, have rented the Louis C. Brooks bungalow on East Central.

Mr. and Mrs. James Farndale of East Grand View Avenue, are the parents of a fine baby daughter, Hazel Jane, born Tuesday morning at Sierra Madre Hospital.

Mr. and Mrs. William Gilmer and two children and Jack Simons are guests at the home of E. A. Newton, 217 S. Baldwin, having arrived this week from Denver by auto. Jack has been spending the summer at Alamosa, Colo., and says he has now returned to California to stay, having spent two years here previously.

Mr. and Mrs. Laurance Nourse of Arvin are the proud parents of a son, born Wednesday at Pasadena Hospital. Laurance is making his headquarters at the home of Grandpa and Grandma Nourse, 496 West Central until his family are able to leave the hospital.

The hot weather of Saturday and Sunday drove almost everybody to the beaches, who had a means of getting there. A large proportion of the population of Southern California seemingly decided to start homeward about the same time late Sunday afternoon. As a result traffic jams on many roads tied up thousands of autos for hours and many people did not reach their homes until late into the night.

### Has Her Eye on Governorship

MRS. JENNIE MacMILLAN of Watertown, N. Y., will toss her hat in the ring for the New York governorship if her campaign to be elected state senator in the coming elections is successful. But she doesn't want to be U. S. president because, she says, she doesn't think women have progressed far enough to aspire to that honor yet.

### All Ready for Early Fall

HERE'S the Parisian idea of something natty in a light wrap for early fall. It's a natural-color camel's hair short coat, embroidered with flowers in contrasting colored wool. And again we see the skirt considerably shorter than it has been for some time recently.

## SIERRA MADRE WOMAN'S CLUB

By Besse Palmer Rhodes

Attractive posters in the windows of several prominent business houses in the down town section have been a pleasing reminder during the week of the initial event with which the Woman's Club will open the social activity of the season. Sierra Madre's favorite form of social diversion has been chosen as the opening function and the interior of the club house is being renovated and beautified for the occasion. Several reservations have been made for large parties, including numbers of out of town guests, some of whom were formerly residents of this city.

With the idea in mind of forming a dancing class for the winter season, the Club President, Mrs. Milton Steinberger will have as her dinner guests, Mr. and Mrs. George Swartout of Pasadena, well known instructors of high class ball-room dancing, thus affording those who did not attend last year's class, the opportunity for social contact.

The dinner will be under the able supervision of Mrs. F. B. Seeley, the newly elected chairman of Ways and Means, which is sufficient guarantee of its excellence. Reservations may be made with Mrs. W. R. Lees, phone Green 79 up to Wednesday evening, September 27. Those finding it impossible to attend the dinner, may later be admitted to the dance at the usual price.

### Life Lines

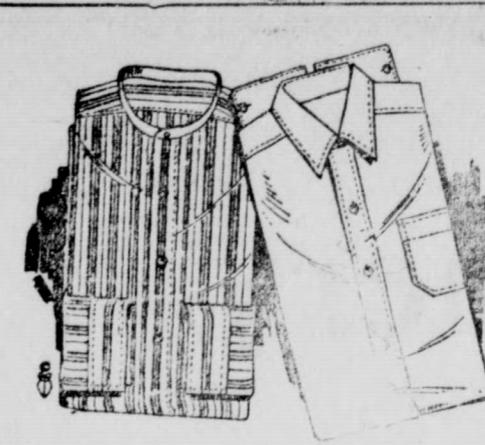

BY H.M.C.

ALTHOUGH I'm feeling very fit and in the best of trim, there's something seems to fret me quite a lot. I've pondered every day of late; I've lost my usual vim and all through just one worry that I've got.

My youngster has the whooping-cough and while he's runnin' round, he gets his spells of whooping like the deuce. His little cheeks get reddish and his throat seems tightly bound and the help I try to give is of no use.

Little folks don't seem to mind it; they just cough until they're through. Then they smile and think the whole thing is a joke. But when grown-up people hear them—when the sound bursts forth anew, well, you almost think, in sympathy, you'll choke.

Wish that I could take his coughing; I would gladly whoop and whoop, if my youngster from the trouble could be free. Yet he smiles and bears it manly, as he did his case of croup. After all, I guess he's got more nerve than me.

## Needed--Clean School Frocks Wanted--Help for Mother

Yes, indeed, Mother needs some assistance in this task. During summer, the kiddies did not wear so many nice clothes, and besides they were home to help, but now that school has commenced, the laundry problem has more than doubled.

That's why hundreds of mothers were added this week to the list of our patrons who are finding a satisfactory solution of the washing and ironing problem by sending the family bundle to us.

Three services are offered, giving varied amounts of service. Our salesman will call and explain the **Family Finished, Semi-Finished or Rough Dry, and Wet Wash** services, if you phone for him.

### HANDSOME SHOW CASE FOR STORE

L. C. Tucker has a handsome new wall case in his jewelry store which will provide facilities for carrying a larger stock of goods. The case provides a splendid display for flat ware and also for the choice art goods which Mr. Tucker carries on hand. The case is made of California eucalyptus, beautifully designed and handsomely finished.

### E. W. CAMP SPEAKS AT CLUB HOUSE

Under the auspices of the Lincoln Citizenship Club E. W. Camp will deliver an address this evening at the Woman's Club House. His topic will be "Alexander Hamilton," from whose career many inspiring lessons can be drawn. Mr. Camp is considered one of the most eminent members of the California bar and his former fellow citizens of Sierra Madre will doubtless wish to be present to hear him. The Lincoln Citizenship Club is a junior auxiliary of the Woman's Club, to which both young women and young men are eligible. The general public is invited tonight.

### CERTIFICATE OF CHANGE OF INDIVIDUAL DOING BUSINESS UNDER A FICTITIOUS NAME

KNOW ALL MEN BY THESE PRESENTS: That whereas, heretofore, L. W. Barlow and H. W. Bell, as copartners conducting a feed and supply business in East San Gabriel and in Arcadia, in the County of Los Angeles, State of California, under the fictitious name of Valley Feed and Supply; and

Whereas, said L. W. Barlow, also known as Lewis William Barlow, has purchased from said H. W. Bell his interest in said partnership and business, and is now the sole owner thereof, and will continue to conduct the same, and said H. W. Bell no longer has any interest therein,

NOW, THEREFORE, the undersigned does hereby certify that he will continue and carry on a wholesale and retail business in hay, grain, seeds, feed and fuel at the Southern Pacific Tracks and San Gabriel Boulevard, San Gabriel, California, and Huntington Drive and Second Avenue, Arcadia, California, under the same fictitious name: Valley Feed and Supply; that he is the sole owner of said business, and that his full name and residence are: Lewis William Barlow, San Gabriel, California.

IN WITNESS WHEREOF I have hereunto set my hand this 19th day of August, 1922.

LEWIS WILLIAM BARLOW,  
STATE OF CALIFORNIA,  
County of Los Angeles,  
ss.

On this 30th day of August, before me, J. H. Merriam, a Notary Public in and for the County of Los Angeles, State of California, residing therein, duly commissioned and sworn, personally appeared Lewis William Barlow, known to me to be the person described in and whose name is subscribed to the within instrument and acknowledged to me that he executed the same.

IN WITNESS WHEREOF I have hereunto set my hand and affixed my Notarial Seal at the County aforesaid, the day and year in this Certificate first above written.

(Seal) J. H. MERRIAM  
Notary Public in and for the County of Los Angeles, State of California.

### Danced on 91st Birthday

MRS CATHERINE ST ELME of Atlanta celebrated her ninety-first birthday by dancing at a party her daughter gave in honor of the anniversary. Her gown, more than 100 years old, was a party frock her mother wore. Mrs. St. Elme goes to several dances every season and has plenty of partners.

THE WELL-DRESSED MAN  
Have you ever noticed that most successful business men have their clothes neatly pressed. Perhaps they only have one or two suits. They make it a point however, to keep their suit looking good by always having it well pressed.

Let us keep your clothes looking like new—it will make them last longer.

CLAUDE HARRIMAN

BIG POWER  
on the HILLS!

Make a fresh start—get a clean tankful of "Red Crown"—and then watch how your engine performs.

Watch it on the hills. Every drop of "Red Crown" vaporizes rapidly and uniformly in the carburetor and is consumed completely in the cylinders. You get a continuous stream of power—more mileage at lower cost.

"Red Crown" is uniform in quality—you won't need to bother with carburetor adjustments if you fill your tank with "Red Crown" and nothing else.

Fill at the Red Crown sign—at Service Stations, garages and other dealers.

STANDARD OIL COMPANY  
(California)

## RADIO

## THREE SOURCES OF PLATE POTENTIAL

Use of Step-Up Transformer and Rectifying Tubes Recommended for Amateurs.

The greatest drawback in the use of vacuum tubes for radio transmitters is a suitable source of direct current potential for the plate circuits. In general there are three sources, batteries, a motor-generator set, and rectified alternating current. The alternating house lighting current can be stepped up to the required potential by means of a transformer and then rectified by an electrolytic rectifier, by the use of vacuum tubes manufactured for this purpose.

The use of batteries as a source of plate current potential is limited to very low power sets that are used infrequently, and then only for short intervals. Sufficient capacity in the form of "B" batteries would mean not only a relatively high first cost but also an extremely high maintenance cost. A motor-generator set, while high in first cost, will leave an extremely low maintenance cost and

can purchase the parts to make this set as follows:

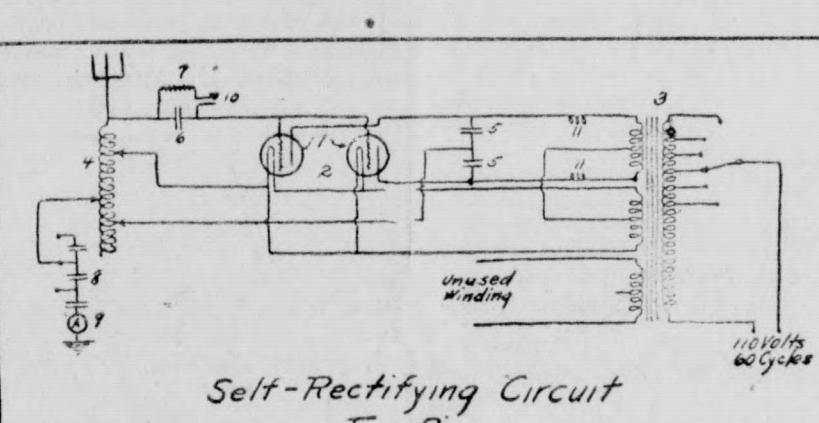

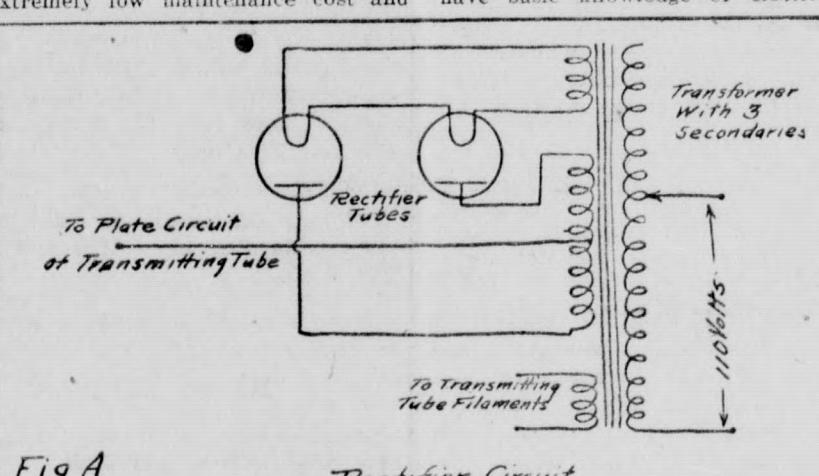

1. Two five-watt transmitting tubes UV 202, \$16.
2. Two-tube sockets UR 542, \$2.
3. Power transformer UP 1368, \$25.
4. By-pass condensers UC 1014, \$4.
5. Grid condensers UC 1014, \$2.
6. Grid Leak UP 1719, \$1.10.
7. Antenna series condenser UC 1015, \$5.40.
8. Antenna ammeter UM 530, \$6.
9. Transmitting key UQ 809, \$3.
10. radio frequency.

The only parts the builder will have to make himself are the two radio frequency choke coils. The choke coils consist of 90 turns of No. 30-B & S cotton or silk-covered wire wound on a cardboard tube 2 1/4 inches in diameter, the length of the winding on such coil being about two inches.

## ALERT RADIO DEALER LEARNS

**Not Only Stocks His Shelves With Goods, but Takes Lessons in the Art.**

Besides stocking his shelves, the progressive merchant in radio is also employing some of the summer in replenishing his mental supplies of radio information. The taking of courses in the art, either by mail, or through the very convenient form of carefully prepared lessons in a magazine, or from a competent instructor, is highly desirable, says Radio Merchandising. The business part of radio is going more and more into the hands of men who have basic knowledge of electricity

deliver a potential that only varies slightly, due to the commutator ripple. In sections where direct current is used for house lighting, a motor generator set is the only practical and satisfactory source of plate potential. Taking first cost, maintenance cost, convenience and space required into consideration, the best way to obtain the required current potential for the operation of vacuum tube transmitters, is by the use of step-up transformer and rectifying tubes.

A line of vacuum tube rectifiers is on the market under the name "ken-trons." These tubes have been designed to have the proper operating characteristics to rectify alternating current for the line of transmitting tubes put on the market by the same company.

If radiotron transmitting tubes are used it is only necessary to build or purchase a transformer with a filament heating winding and a plate current winding and by the use of ken-trons for rectifiers. The entire power to operate the transmitting set can be taken from the alternating current house lighting circuit.

It is possible to use an electrolytic rectifier in order to rectify the plate potential after the 110 volt house lighting circuit has been stepped up by means of a transformer. Electrolytic rectifiers are probably the cheapest source of plate potential, but they are sloppy and demand a lot of care and attention.

To operate the standard five-watt transmitting tube, known as radiotron type UV 202, a plate voltage of 350 is required and the plate current per tube is 45-100 of an ampere. The filament requires 2.35 amperes at 7.5 volts. Rectifying tubes known as kentron type UV 216 are made to be used in conjunction with the five-watt transmitting tubes. The rectifier tubes are so designed that one rectifier will rectify sufficient current at the correct potential to operate one transmitting tube.

Figure "A" shows how a single transformer can be used to furnish all of the necessary plate and filament current for a tube transmitter.

For those who do not wish to be bothered with the trouble and expense of rectifiers, there is a circuit known as the self-rectifying circuit that can be used for radio telegraphy. In using a self-rectifying circuit at least two tubes must be employed. If more power is desired tubes must be added in pairs. The tubes employed are divided into two groups operating on each half of the cycle.

Figure "B" is a diagram of a self-rectifying continuous wave radio telegraph transmitter using five-watt radiotron type UV 202 tubes. The amateur

## Colonial Theater

PROGRAM FOR WEEK OF SEPTEMBER 24, 1922

Sunday, Monday, Tuesday, Sept. 24, 25, 26

Richard Walton Tully presents  
**GUY BATES POST**  
—in—  
**"THE MASQUERADE"**

Another great play has come to the screen—and with it the world-famous actor who so triumphantly portrayed its dual roles on the stage. A drama of great denouements—the story of John Chicote, the leader of men, and then the outcast—and of his double, John Loder, who took his name, his place—and his wife. A masterpiece among great motion pictures. From a famous novel and a successful play.

## Secretary Wallace Entertains Red-Headed Triplets

HERE'S Secretary of Agriculture Wallace entertaining the Hyde girls of Charles county Md. The Misses Hyde not only are sisters, but triplets, as well. It was because all three have very red hair that they called on the cabinet member. Wallace has red hair, too. It is the color he is said to like best. The girls are competitors for a trip to the Eastern States Fair in Massachusetts—that's why they were in Washington. They are Lurline, Rebecca and Anna.

## Which of These Flappers Is 50 Years Old?

AFTER you've had your guess, the answer is: The one in the middle. She's Edna Wallace Hopper, or so she's still known on the stage once DeWolf Hopper's wife. Strictly speaking, she's a couple of years short of 50, according to "Who's Who," but at that, would you pick her as any older than the others in the group? They're around 16.

## "Abraham Lincoln" In Pasadena Saturday

Even Pasadena can't take care of John Drinkwater's "Abraham Lincoln." When the production was secured for the Raymond Theater there a subscription list was opened to see just how many would come. The subscrip-

tion list sold over half of the house and the balance went in two days. Ever since they have been turning hundreds away. So a special matinee has been secured for Saturday, September 23 and the demand for the matinee is even bigger than the already sold-out night. Seats went on sale Tuesday and orders are being received by mail and phone.

# WANTADS

The rate for all want ads is two cents a word, payable in advance. Only copy furnished by regular advertisers or people carrying accounts with us will be printed without advance payment, as the amounts are as a rule not of sufficient size to warrant accounting and collection costs.

**WANTED**—Team work. 182 Merrill Avenue. C. E. Chantry. 48-51\*

**PAY LIKE RENT**—Used piano, excellent condition. Richmond piano, manufactured by Star Piano Co. Mr. Herndon,—"News" D4. 44tf

**Housewives, Attention!** I am representing the F. A. Clark Electrical Company and will be glad to demonstrate any of my electrical appliances. Margaret Moore, Main 177, 30 North Baldwin. 47tf

**TUBERCULOSIS** treated at home. 30-day trial treatments free to 100 people. If interested, write promptly. Thompson Inhalant Co., 1227 Ave. D. San Antonio, Tex. 43-16\*

**FOR SERVICE**—Pure Toggenburg buck. Does called for free. Colo. 8178. 49-52\*

**NEWS WANTEDS**—"If I could find just the right sort of person I might rent that room that we are not using very much." The right sort of person reads the News. Try a Want

**SCREEN SLEEPING PORCH** accommodations, pleasant living room, bath and modern conveniences, and board with special attention to diet, for one or two convalescents. Mrs. Huebl, 93 W. Mira Monte. Phone Black 28. 50-51\*

\$100 will be paid for any case of Chronic Bronchitis or Tuberculosis that I fail to relieve in two weeks' time. John A. Costello, 600 Washington St., Alhambra. 47-51\*

**FOR RENT**—Big front airy bedroom. 262 Manzanita. Red 102. 50-51\*

**FREE FOR HAULING AWAY**—Truck load short lumber and kindling wood. 426 N. Auburn. 51c

**FOUND**—Leather army jacket. Identify and pay for ad. "News" office. 51

**WANTED**—Laundry, at 315 N Lima street, Flat wash, blankets, lace curtains and wet wash. 51-52-1\*

**FOR RENT FURNISHED**—House, 3 rooms, sleeping porch, bath. 308 N. Grove street. Owner at house Sunday from 12 to 4:30. 51\*

**FOR SALE**—3-burner gas plate and oven. Call 307 W. Mariposa. Phone Blue 157. 51c

**FOR SALE**—Fireless brooder (100 chick size) feed and drinking dishes, grass cutter, cheap. 312 E. Grand View avenue. 51\*

**FOR SALE**—Six-room house, modern conveniences. \$4,000. Terms. 51 W. Laurel avenue. 51\*

**FOR RENT**—Furnished room in new house. 173 San Gabriel St. 51\*

**FOR SALE**—Pekin ducks. 3 months old. 152 E. Grand View. 51\*

**LOST**—Gold pencil, between City Hall and office on east side of Baldwin, about 1:30 Wednesday. Mrs. H. F. Roberts. 51\*

**FOR SALE**—New Simplex Ironer. \$115. S. M. Electric Co. Phone Main 120. 51c

**FOR SALE**—New Universal cleaner. \$42.50. Sierra Madre Electric Co. Phone Main 120. 51c

**FOR LEASE**—5-room unfurnished house; A1 condition. garage, fruit trees. No tubercular cases. \$50 per month. Owner 213 N. Hermosa, phone Blue 83. c51-tf

**LOST**—Male Collie-Shepherd dog. Salipatria license. Also has tag on, return to W. N. Fields, Calipatria, Calif. Liberal reward. Notify Box 107 Arcadia, Calif. 51\*

**WANTED**—Steady woman to do washing (machine) and plain ironing two days weekly. Address P. O. Box No. 86. 51\*

### CERTIFICATE OF PARTNERSHIP TRANSACTING BUSINESS UNDER FICTITIOUS NAME

We, the undersigned, do hereby certify that we are partners transacting and carrying on a general feed and fuel and transfer business under the firm name and style of "Sierra Madre Feed and Fuel Company"; that the principal place of business of said partnership is No. 97 East Montecito St., in the City of Sierra Madre, County of Los Angeles, State of California; and that the names in full of all the members of said partnership and their respective addresses are as follows, to-wit:

Andrew Olsen, 53 Suffolk Avenue, Sierra Madre, California.

William Olsen, 53 Suffolk Avenue, Sierra Madre, California.

IN WITNESS WHEREOF, we have hereunto set our hands this 1st day of September, 1922.

ANDREW OLSEN  
WILLIAM OLSEN.

STATE OF CALIFORNIA, ss.

County of Los Angeles,

On this 1st day of September, 1922, before me, Kenneth C. Newell, a Notary Public in and for said County, personally appeared Andrew Olsen and William Olsen, known to me to be persons who executed the above instrument, and acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and official seal this 1st day of September, 1922.

KENNETH C. NEWELL,  
Notary Public in and for  
(Seal) the County of Los An-  
Filed geles, State of California  
September 1, 1922

## The Power of the Want Ad

Keen buyers and sellers are realizing more and more, the power of the Want Ad to bring them definite and immediate results.

If you have something you want to sell, rent or exchange—or if you want to buy or rent, tell your story in a clear concise manner and place it in our Want Ad columns.

You will be mighty well pleased with the results and the cost is very little compared with results.
